Noida Management Association (NMA) is a premier professional body, affiliated to All India management Association, New Delhi, established since 22nd April 1989 by a group of selfless and dedicated professional managers and executives of Noida. It is a non-profit and autonomous entity providing a wide range of professional development services aimed at enhancing managerial effectiveness. Starting from a modest beginning, now it has more than 600 members. It is the only Local Management Association under AIMA having constructed its own building in Sector-62, Noida, with well equipped auditorium and other infrastructure, and regularly holds quality management programs in fulfillment of its objectives and has formed a Knowledge Forum comprising of the pool of the rich expertise of its members.

ABOUT THE Seminar on New Dimensions of ERP as a Business Tool and Decision Support System

Enterprise Resource Planning a.k.a. ERP as it is commonly known, is becoming an extremely useful, highly acclaimed and almost indispensable business tool for the various layers of top management, line managers and staff alike. Needless to say as the volumes and size of businesses grow its complexities also mount and management looks forward for a proper perspective of the business to be really effective. ERP as a business tool becomes very important and indispensable for the management to guide and run the business.

ERP has evolved over a period of time in terms of functions and technology tremendously and has undergone major transformation. Now industry and government alike use ERP to run, monitor, control and improve their organizations. ERP is not only used by profit organizations but also by Non-profit and government organizations and educational institutions alike.

Objectives of the program:

- To facilitate the understanding of issues relating to
 - The selection of ERP among the various packages available as well as in-house development as an option.
